

MAINTENANCE AEROSOL ESSENTIAL

Professional-Grade Aerosols for
Everyday Maintenance

NET DEX

High Purity Contact Cleaner

Fast evaporating solvent, formulated to clean and deoxidise switched-off electrical contacts. Removes oil, grease, dirt, flux and other contaminants. Leaves a light film to lubricate and protect. Safe on plastic components. Electronic connectors, circuit breakers, electrical motors, generators, relays, solenoids, switches, plugs and jacks, micro bearings, ignition systems, micro mechanisms etc

SPECIFICATION

KB Index: 35
Flash Point: < 12°C
Density: 0.7

PACKAGING

REF. CODE O 501 A3
PACKAGING Aerosol 400ML x 12

Ideal for:

Electronic connectors, electrical contacts, circuit breakers, electrical motors, generators, printed circuit boards, relays, solenoids, switches, plugs and jacks, potentiometers, micro bearings, power tools, ignition systems, micro mechanisms, alarm and signal systems, office equipment, printer.

PRODUCT NO
501

ORDER NOW

A90H

Non-Flammable Contact Cleaner

A90H is an ultra-high purity, non-flammable, fast-drying solvent for cleaning sensitive electrical and electronic components. It removes grease, oil, and contaminants from devices such as circuit boards, switches, motors, relays, and connectors, and is suitable for marine, aircraft, medical, and office equipment.

SPECIFICATION

Flash Point: None
Dielectric Strength: 87 kV/cm
Volatility: 100%
Boiling Point: 32°C
Vapour Pressure: 76.3kPa
Auto-ignition Temp: 532°C
Density: 1.24

PACKAGING

REF. CODE O 0508 A3
PACKAGING Aerosol 330GM x 6
O 0508 A3 Aerosol 330GM x 12

Ideal for:

Printed circuits boards, switches, connectors, electrical motors, microcomputer controls, telephone relays, semiconductor devices, marine and aircraft equipment, medical electronic devices.

PRODUCT NO
508

KLEENSHINE

Foam Cleaner & Disinfectant

KLEENSHINE is an ammoniated foaming cleaner and disinfectant formulated for all hard inanimate surfaces, effectively cleaning and deodorizing in one operation. It is ideal for use in hospitals, offices, factories, hotels, restaurants, and food processing plants. KLEENSHINE is recommended for countertops, tables, sinks, bathtubs, tiles, stainless steel, woodwork, leather, vinyl, and other surfaces including whiteboards, enameled, varnished, or painted areas.

SPECIFICATION

pH: 10

PACKAGING

REF. CODE OH 3544 A3
PACKAGING Aerosol 45GM x 12

Ideal for:

Nursing homes, hospitals, institutions, office buildings, schools, factories, motels, hotels, Cafeterias, restaurants, food processing plants.

PRODUCT NO
3544

ORDER NOW

INSTA-LOOSE

High Performance Lubricating Release Agent

Lubricating penetrant and release agent with powerful solvent action, specially developed to break the bond of corrosion on bolts and other close fitting metal parts injection moulds, tools and machineries. Recommended use for to free frozen nuts, bolts, fittings, hinges, shackles, lock mechanisms and all close fitting parts on automotive and marine equipment and all types of industrial and farm machinery.

SPECIFICATION

Flammability: Non-flammable
Toxicity: Non-corrosive to skin

PACKAGING

REF. CODE O 9800 A3
PACKAGING Aerosol 380GM x 12

PRODUCT NO
9800

ORDER NOW

CB6

PRODUCT NO
806

Extreme Pressure Chain Lubricant

CB6 is a deeply penetrating high-performance synthetic and "clean" lubricant specially recommended to serve the critical demands of conveyors and chain drives systems working under severe loads, extreme temperatures and in a humid or dusty environment requiring maximum lubrication.

SPECIFICATION

Viscosity @ 25°C: 430 to 650 cSt
Drop Point: -30°C
Flash Point: > 300° C
SHELL Four Ball EP: < 0.4 mm
Operating Temp: -30°C to + 280°C

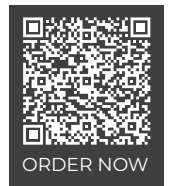

PACKAGING

REF. CODE PACKAGING
O 0806 A3 Aerosol 300ML x 12

Ideal for:
Transmission chains, conveyor chain, line shaft roller conveyor, chain drive, bottling equipment, industrial baking oven, automotive conveyor system, bowling pinsetter, textile equipment, filling carousel, woodworking machine, plastic conveyor chains, paper, packaging, printing machines, farm equipment, slaughterhouses

ORDER NOW

WSA

PRODUCT NO
605

Extreme Pressure Waterproof Grease

WSA is a premium extreme pressure adhesive grease, formulated to serve the most severe demanding requirement in marine, offshore and hydraulic environments. WSA lubricates and protects all metal surfaces from humid and corrosive atmospheres (salt spray, chemical pollution) and will not emulsifies in fresh, cold, hot or salt water.

SPECIFICATION

Thickener: Calcium
Viscosity Base Oil SUS @ 40°C: 870 cSt
NLGI Grade: 2
Drop Point: > 160° C
Four Ball EP: .315 kg
Operating Temperature Range: - 30° C to + 130° C
Max Operating Speed: Up to 3500 RPM
Anti-corrosion (NF 60-135): 0 score

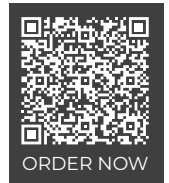

PACKAGING

REF. CODE PACKAGING
O 0605 A3 Aerosol 340G x 12
O 0605 C4 Cartridge 400G x 12

Ideal for:
Marine offshore, hydraulics, sewage and water treatment plants, automotive equipment, buses equipment, trucks and heavy equipment, paper mills, Food processing, dairy plants
